

The Golden Fields Elementary

Halloween Parade

Thursday, October 31st - 9:20 am

The parade route for visitors will be ***outside*** on the blacktop starting at the front gate and winding in a half circle around the back of the building. Guests will be invited onto the blacktop no earlier than 9:05 am, after students have gone inside with their teachers. Keep an eye on the weather, dress accordingly, and plan to bring lawn chairs and blankets for outdoor comfort.

The parade will begin at 9:20 inside the building for students only. Keep in mind that it may take 5-10 minutes before the parade makes it outside. After returning inside, the procession will continue for another 10 minutes so students have the opportunity to see each other's costumes. We ask that classroom volunteers remain outside of the building until the parade concludes inside to avoid traffic jams in the hallways.

PM Kindergarten students will parade in the afternoon at 1:00 pm (more information forthcoming), and Full Day and AM Kindergarten students will parade with the school in the morning.

Students should wear their costumes to school.

Just a reminder that masks are okay during the parade as long as it does not block or impede your child's eyesight. No rollerblades, wheelies or costumes with weapons or facsimile of a weapon (swords, guns, knives, etc.) will be allowed.

If we have inclement weather:

In case of inclement weather (i.e. drenching precipitation), the outdoor portion of the parade will be canceled, though the show will still go on for students inside the building. Unfortunately, we will not be able to accommodate parents and visitors coming to view the parade should the weather not be cooperating.
