

## **School LAND Trust Plan for Golden Fields Elementary 2022-2023**

### **Goal:**

We would like to incrementally and systematically increase the early literacy proficiency of our students as well as increase the number of students making typical or better growth in literacy. By the end of the 2022-23 school year we would like to improve our proficiency from 51.9% to 53.9% and those making typical or better growth from 65.8% to 67.8%. We will also work to help all below level students to improve in at least one sub-category area within the Acadience screener.

### **Measurements:**

While our students are currently performing above the district and state averages in early literacy proficiencies and growth, we would like to continue our focus to help all students become more fluent and literate.

We will utilize the results from the three Acadience screeners administered at the beginning of the year (BOY), middle of the year (MOY), and the end of year (EOY). Acadience progress monitoring tools will also be utilized between the three screening windows common across the district/state.

### **Action Plan to Achieve Goal:**

1. Teachers will monitor and analyze literacy screener information on a regular basis during collaboration meetings. Teachers will review student data following each of the three screener administrations (BOY, MOY, EOY) to identify students who are in need of additional targeted interventions to help them make progress towards literacy proficiency.
2. Landtrust funds will be used to fund literacy assistants, classroom assistants, and rotation teachers to both provide additional support and targeted interventions. Rotation teachers not only provide enriching academic experiences to our students, but they also facilitate time for the licensed teachers to provide targeted interventions to their students during that window of time. Grade level teachers are also able to collaborate on a weekly basis during the rotation classes (STEM, Computers, Art, Library, Music, PE).

### **Funding Changes:**

Any additional funds available will be used to support the identified goal. Sample expenditures would include hiring additional support staff to facilitate increased interventions or purchase materials to support learning.

## **TSSA Plan for Golden Fields Elementary** 2022-2023

The Goal, Measurements and Action Plan for the TSSA plan are similar to that of the Landtrust Plan.

### **Differences in Action Plan Unique to TSSA Plan:**

- Funds will be used to cover 50% of the salary of our full-time Instructional Coach
- Funds will be used to cover the salaries of some literacy/classroom assistants
- Funds will be used to cover the salary of a classroom-reduction teacher IF needed.
- If additional funds are available, then funds could be used to replace chromebook devices that are 4-5 years old and/or purchase materials to support learning.
