

## SCC Minutes

12.6.21

4-5pm

### Agenda Items:

- Review Survey results from survey discussed in previous meeting (online learners v in-person learners)
  - o The majority of the teachers were aware of which of their current students primarily participated in online learning over the last couple of year.
  - o 53% of the teachers indicated that the online learners were performing a little to a lot lower than their in-person counterparts. 28% indicated that there wasn't much of a difference and 3% indicated that their online students were outperforming their in-person counterparts.
  - o Some common gaps mentioned were: fact fluency, reading fluency and comprehension, social skills and behavior.
  - o Some common suggestions to meet the gaps were: tutoring by staff members, additional literacy assistants, and social and emotional learning resources.
  - o The council determined to seek to implement the most common suggestions mentioned above.

### Reminders:

- Next meeting is Monday, Feb 7, 2022 from 4:00-5:00pm
